# FIRST SUPPLEMENT

TO THE

# LIST OF COLEOPTERA

OF

# AMERICA, NORTH OF MEXICO.

BY SAMUEL HENSHAW.

On the following pages I give such corrections and additions to the List of Coleoptera, published by the American Entomological Society in October 1885, as have come to my notice. So far as I know it includes all additions published up to January 1st 1887.

The authority is given for new genera, the number in brackets indicating their position in the List.

The new species are numbered continuously with the List.
